

A WHOLE SCHOLAR APPROACH TO TK-12 EDUCATION

www.wishcharter.org

WISH COMMUNITY ASSOCIATION

All parents of currently enrolled WISH students are automatic members of the WISH Community Association (WCA). The Community Association facilitates open communication among the WISH community through Coffee with the Principals, Community Education Nights, and School Site Council (SSC) Meetings where parents share information and have the opportunity to learn more about WISH activities and educational programming. School Site Council meetings feature updates on committee work, our Single Plan for Student Achievement, and discussion and voting about how we will use our categorical funds. The WISH Community Association also encourages community participation in school activities including performances, fundraisers, site beautification projects and other volunteer opportunities. The WCA SSC is elected by the parent community in the spring and elected members serve a 2 year term. Please contact Raj Makwana for more information: rkmakwana@gmail.com. Thank you.
