

#BETHECHANGE AMONG NATIONS! Youth Development Model United Nations 6th to 8th grades WESTCHESTER FAMILY YMCA

- Looking for an opportunity to tackle worldwide issues with peers? At WISH we have it for you!
- WISH Middle has been active in The Model United Nations (MUN) Program for 2 years. The Program is designed to give an introduction to world issues in a way that is fun and intriguing.
- By simulating the official United Nations, our WISH students in the MUN Program learned about international policy, appreciating different cultures, and working together to find creative solutions to problems.
- After completing the six-month program, WISH students join over 800 ambassadors from around the state and meet for four days in April at the YMCA's annual MUN summit at the Sheraton Gateway Hotel in LA.
